JACKSON PARISH AMBULANCE SERVICE DISTRICT

JONESBORO, LOUISIANA 71251

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Jackson Parish Ambulance Service District's (hereafter referred to as the District) annual financial report presents an overview and analysis of the District's financial activities for the year ended December 31, 2011. Certain comparative information with the previous year is presented to provide an overview of the District's operations.

Financial Highlights

The Basic Financial Statements of the District report information about the District using Governmental Accounting Standards Board's (GASB) accounting principles. These statements offer short-term and long-term financial information about its activities. The Statement of Net Assets (page 7) includes all of the District's assets and liabilities and provides information about the nature and amount of investments in resources (assets) and the obligations to District creditors (liabilities). All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Assets (pages 8-9). This statement measures improvements in the District's operations over the past year and can be used to determine whether the District has been able to recover all of its costs through its patient service revenue and other revenue sources. The final required financial statement is the Statement of Cash Flows (page 10). The primary purpose of this statement is to provide information about the District's cash from operations, investing and financing activities, and to provide answers to such questions as "where did cash come from?", "what was cash used for?" and "what was the change in cash balance during the reporting period?"

Financial Analysis of the Ambulance District

The Statement of Net Assets and the Statement of Revenues, Expenses and Changes in Net Assets report information about the District's activities. These two statements report the net assets of the District and changes in them. The District's net assets-the difference between assets and liabilities-are one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net assets is one indicator of whether its financial health is improving or deteriorating. However, other nonfinancial factors such as changes in the District's property tax base and millage, the health care industry, changes in Medicare and Medicaid regulations, and changes in commercial discounts should also be considered.

A summary of the District's basic financial statements is as follows:

Summary of Statement of Net Assets

	<u>2011</u>	<u>2010</u>
ASSETS:		
Assets	\$4,361,003	\$3,728,624
Capital Assets, Net of Accumulated Depreciation	<u>1,226,166</u>	<u>1,290,663</u>
Total Assets	<u>\$5,587,169</u>	<u>\$5,019,287</u>
LIABILITIES:		
Current Liabilities- Payables	\$ 69,405	\$ 52,871
Noncurrent Liabilities- Compensated Absences	<u>39,995</u>	<u>34,380</u>
Total Liabilities	<u>\$ 109,400</u>	<u>\$ 87,251</u>
NET ASSETS:		
Invested in Capital Assets, Net of Related Debt Unrestricted	<u>\$1,226,166</u> <u>4,251,603</u>	<u>\$1,290,663</u> <u>3,641,373</u>
Total Net Assets	<u>\$5,477,769</u>	<u>\$4,932,036</u>

Summary of Statement of Revenue and Expenses

	<u>2011</u>	<u>2010</u>
REVENUES:		
Operating Revenues-		
Ambulance Service	\$1,406,625	\$1,246,658
Non-Operating Revenues-		
Property Taxes & State Revenue Sharing	1,113,129	975,487
Grants	0	11,026
Miscellaneous	<u>29,930</u>	<u>42,709</u>
Total Revenues	<u>\$2,549,684</u>	<u>\$2,275,880</u>
EXPENSES:		
Operating Expenses	\$1,961,524	\$1,862,516
Statutory Deductions	<u>42,427</u>	<u>36,026</u>
Total Expenses	<u>\$2,003,951</u>	<u>\$1,898,542</u>
Change in Net Assets	<u>\$ 545,733</u>	<u>\$ 377,338</u>

Sources of Revenue

Ambulance service revenue totaled \$1,406,625 or 56% of total revenue of the District for the year ended December 31, 2011.

Expenses

The majority of the District's total expense is for payroll cost. This amounted to \$996,472 or 51% of total operating expenses.

Capital Assets

The District's capital assets consist of ambulances and related equipment, along with the ambulance facility.

Economic Factors

The District's major revenue source is from ambulance services. There are no significant changes projected in revenue, except the District is anticipating reimbursement cuts in Medicare and Medicaid.

Contacting the Ambulance District's Financial Manager

This financial report is designed to provide our citizens, customers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or requests for additional information, contact the District's Director at 165 Beech Springs Rd, Jonesboro, LA 71251.

INDEPENDENT AUDITOR'S REPORT

Mr. Tracy Wold, Director
and Members of the Board of Commissioners
Jackson Parish Ambulance Service District
Jonesboro, Louisiana 71251

We have audited the accompanying financial statements of the business-type activities and the major fund of the Jackson Parish Ambulance Service District (District), a component unit of the Jackson Parish Police Jury, as of and for the year ended December 31, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the major fund of the District, as of December 31, 2011, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 25, 2012, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over

financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NOTES TO FINANCIAL STATEMENTS

Jackson Parish Ambulance Service District
Notes to Financial Statements
December 31, 2011

INTRODUCTION

As provided by Louisiana Revised Statute 33:9053, the Jackson Parish Ambulance Service District was created by an ordinance of the Jackson Parish Police Jury on May 4, 1998. The District is governed by a Board of Commissioners consisting of five members appointed by the Jackson Parish Police Jury. Commissioners are residents of the parish and serve terms of 3-6 years.

The District was created for the purpose of owning and operating ambulances for the transportation of persons suffering from illness, disabilities, or injuries necessitating ambulance care.

1. Summary of Significant Accounting Policies:

A. Basis of Presentation-

The accompanying general purpose financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. Reporting Entity-

As the governing authority of the parish, for reporting purposes, the Jackson Parish Police Jury is the financial reporting entity for Jackson Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Jackson Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Police Jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Police Jury.
2. Organizations for which the Jackson Parish Police Jury does not appoint a voting majority but are fiscally dependent on the Jackson Parish Police Jury.

Jackson Parish Ambulance Service District
Notes to Financial Statements
December 31, 2011

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Jackson Parish Police Jury appoints the organization's governing body, and the ability of the Jackson Parish Police Jury to impose its will on the District, the District was determined to be a component unit of the Jackson Parish Police Jury, the financial reporting entity. The accompanying general purpose financial statements present information only on the funds maintained by the District and do not present information on the Jackson Parish Police Jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. Fund Accounting-

The District uses one fund to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

The Jackson Parish Ambulance Service District, uses an enterprise fund type of the proprietary fund category to account for operations that are financed and operated in a manner similar to a private business enterprise where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

As a proprietary activity, the District applies all applicable pronouncements by the Governmental Accounting Standards Board (GASB), as well as those pronouncements by the Financial Accounting Standards Board (FASB), Accounting Principles Board, and the Committee on Accounting Procedure issued prior to November 30, 1989. The District also applied all FASB Statements and Interpretations issued after November 30, 1989, except for those that conflict with, or contradict, GASB pronouncements, that are developed for business enterprises.

Jackson Parish Ambulance Service District
Notes to Financial Statements
December 31, 2011

D. Basis of Accounting-

The accounting and financial treatment applied to a fund is determined by its measurement focus. Proprietary funds are accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. The proprietary fund uses the accrual basis of accounting; revenues are recognized when earned, and expenses are recognized at the time the related liabilities are incurred.

Ad Valorem taxes and the related state revenue sharing are recorded in the year the taxes are assessed. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. Ad valorem taxes are generally collected in December of the current year and January and February of the ensuing year. Ambulance service revenues are recorded net of charges disallowed by Medicare, Medicaid, or private insurance.

E. Cash and Cash Equivalents-

The District has deposits in highly liquid investment vehicles such as certificates of deposit. Since all of the District's cash is readily available, these deposits are listed in these statements as "Cash & Cash Equivalents". Under State law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. The District may also purchase investments in securities backed by the full faith and credit of the United States Government.

F. Compensated Absences-

All full-time employees earn annual and sick leave at varying rates from four to six days each year depending on length of service. There is a maximum accrual with varying hours depending on length of service. Upon termination, employees will receive compensation for all unused annual leave at the employees' current rate of pay.

G. Capital Assets-

The capital assets of the Jackson Parish Ambulance Service District enterprise fund are included on the Statement of Net Assets, net of accumulated depreciation. Depreciation of all exhaustible capital assets used by the enterprise fund operation is charged as an expense against operations. Depreciation has been computed using the straight-line method over the estimated useful lives of the assets, which is 5 to 10 years for ambulances and equipment and 40 years for buildings.

Jackson Parish Ambulance Service District
Notes to Financial Statements
December 31, 2011

H. Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

2. Levied Taxes:

For the year ended December 31, 2011, taxes of 4.75 mills were levied on property with an assessed valuation totaling \$254,041,840. The District's tax calendar is presented in section D above.

Total taxes collected for 2011 were \$1,110,629. The five largest taxpayers and their assessed valuation are as follows:

<u>Taxpayer</u>	<u>Assessed Value</u>
Exco Operating Co.	\$81,990,720
ETC Tiger Pipeline	22,758,330
Regency Intrastate Pipeline	21,450,300
Centerpoint Energy Gas	16,451,580
Smurfit-Stone Corporation	16,292,710
Gulf South Pipeline	11,629,890

3. Cash and Cash Equivalents:

At December 31, 2011, the District had cash and cash equivalents (collected bank balances) totaling \$3,119,916. Cash and cash equivalents are stated at cost, which approximates market. Under Louisiana law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. These pledged securities are held in the name of the pledging bank in a holding or custodial bank in the form of safekeeping receipts held by the District. The deposits at December 31, 2011, were secured as follows:

Cash and Cash Equivalents	\$ 3,119,916
FDIC	(567,546)
Pledged Securities	(2,552,370)
Uninsured	\$ <u>0</u>

Jackson Parish Ambulance Service District
Notes to Financial Statements
December 31, 2011

Even though the pledged securities are considered uncollateralized (Category #3) under the provisions of GASB Statement No. 3, Louisiana Revised Statute 39:1229 imposes a statutory requirements on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

4. Revenue Receivable:

At year-end, the District has \$1,275,143 in receivables as follows:

Intergovernmental-	
Ad Valorem Taxes	\$1,030,143
Accounts-	
Medicare	113,507
Private Insurance	60,923
Medicaid	17,671
Patient Self-Pays	52,899
Total Accounts Receivable	<u>\$1,275,143</u>

Substantially all amounts are considered to be collectable and the District does not estimate or use an allowance for bad debt account. At December 31, the District's accounts receivable of ninety days or more totaled \$22,477, which constitutes 1.8% of the total receivables.

5. Capital Assets:

Capital assets and depreciation activity as of and for the year ended December 31, 2011, is as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital Assets-				
Land	\$ 20,000	\$ 0	\$ 0	\$ 20,000
Building	796,139	0	0	796,139
Equipment	<u>1,496,199</u>	<u>217,683</u>	<u>220,149</u>	<u>1,493,733</u>
Total Assets	<u>\$2,312,338</u>	<u>\$217,683</u>	<u>\$220,149</u>	<u>\$2,309,872</u>
Accumulated Depreciation-				
Equipment	\$ 986,844	\$169,158	\$127,031	\$1,028,971
Building	<u>34,831</u>	<u>19,904</u>	<u>0</u>	<u>54,735</u>
Total Accumulated Depr.	<u>\$1,021,675</u>	<u>\$189,062</u>	<u>\$127,031</u>	<u>\$1,083,706</u>
Total Net Assets	<u>\$1,290,663</u>	<u>\$ 28,621</u>	<u>\$ (93,118)</u>	<u>\$1,226,166</u>

6. Compensation of Board Members:

The members of the Board of Commissioners of the District receive no compensation for their services.

Jackson Parish Ambulance Service District
Notes to Financial Statements
December 31, 2011

7. Defined Contribution Retirement Plan:

The District provides a 457b plan to full-time employees that have been employed with the District for at least six months. Employees may contribute up to 10% of their salary. The District will match one-half of the employees' contributions, except for management employees. Management employees are entitled to a 200% match from the District. For the year ended December 31, 2011, the District's contribution amount was \$37,174, and the employee contribution amount was \$30,219. The District does not guarantee the benefits provided by the defined contribution retirement plan.

8. Litigation and Claims:

The District is not aware of any litigation or claims at December 31, 2011.

9. Lease Agreement – Land:

The Jackson Parish Ambulance Service has entered into a land lease agreement with Ernest Conn. The lease is automatically renewable with the option to end the lease with a written mutual agreement between the District and Ernest Conn. The District is to pay \$150 a month due at the first of each month. The District is responsible for all utilities and establishing the utility lines. The land is to be leased for a location in Chatham with a mobile home, covered parking, employee parking, porch, sign, and small storage building.

10. Post-Employment Benefits:

The Jackson Parish Ambulance Service does not provide any post-employment benefits, therefore no disclosure for GASB 45 is required.

11. Compensated Absences:

The following is a summary of charges for the year ended December 31, 2011:

<u>Balance</u> <u>01-01-11</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>12-31-11</u>
<u>\$34,380</u>	<u>\$5,615</u>	<u>\$0</u>	<u>\$39,995</u>

12. Subsequent Events:

Management has evaluated events through May 25, 2012, the date which the financial statements were available for issue. There were no items to be reported as subsequent events.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Mr. Tracy Wold, Director
and Members of the Board of Commissioners
Jackson Parish Ambulance Service District
Jonesboro, Louisiana 71251

We have audited the financial statements of the business-type activities and the major fund of the Jackson Parish Ambulance Service District (District) as of and for the year ended December 31, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated May 25, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financing reporting.

A deficiency in internal control exists when the design or operations of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal controls such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The report is intended solely for the information and use of the District's management, the Louisiana Legislative Auditor, and interested state and federal agencies, and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
